Hamilton, MT 59840

Dear County Commissioners,

My name is Adam Wright. I am a 7th Grade student at Lone Rock Middle School. For years in school, we have learned the importance of recycling. Reduce, Reuse, Recycle has been the Motto in my family. Many states have laws to mandate recycling. Please make a law to mandate recycling in Montana.

Did you know...recycling saves energy, recycling saves natural resources and reduces pollution risk. Many states, including California, have recycling laws and these laws have made big impacts to reduce waste in their states. It is time for Montana to have new recycling laws.

I am only thirteen years old but I know that recycling reduces the risks of air and water pollution. Recycling cuts air pollution by about 75 percent. Recycling also reduces environmental damage caused by mining, and logging. Please, this is important to all of us in Montana.

Yours truly,

Adam Wright

Adam Wright.
